

Gauging with ClearRoute™ 2

Refresher course and assessment

Omnicom
Balfour Beatty

ClearRoute™ 2 is a market-leading software tool for calculating the clearances between railway vehicles and the infrastructure. Our one-day refresher course or assessment only is ideal if you want to renew your current qualification.

The 'Gauging with ClearRoute™ 2' refresher course is ideal for existing ClearRoute™ 2 users who want to renew their certification.

The assessment only option is ideal for existing ClearRoute™ 2 users who are confident of renewing their certification.

Course overview

The one-day 'Gauging with ClearRoute™ 2' refresher course includes the following activities:

- Verbal question and answer session
- Written exercises
- Practical exercises

At the end of the refresher course each delegate will undertake a formal assessment. Upon passing they will be presented with a certificate to confirm their competence along with a CLP file to install in ClearRoute™ 2.

There is a maximum class size of four for our ClearRoute™ 2 refresher courses. This ensures that each delegate receives a high level of support from the tutor and has access to the appropriate equipment.

Assessment only

The assessment runs for three hours and is available both on-line via WebEx or as a traditional classroom delivered assessment.

At the end of the assessment delegates are presented with a certificate to confirm their competence along with a CLP file to install in ClearRoute™ 2.

Logistics

- The refresher course starts at 9.30am and finishes at 4.30pm
- A buffet lunch is provided
- The refresher course is delivered from our office in Raynesway, Derby
- If you require the course to be held at an alternative location please contact us
- The assessment is a maximum of three hours and can be taken at our office in Raynesway, Derby or on-line via WebEx if preferred
